SYNOPSIS

A writer of mystery stories undertakes a $5000 bet with a publisher to produce a really good novel in 24 hours. He elects to spend these 24 hours in complete solitude in Baldpate Inn, a summer resort hotel on top of Baldpate Mountain in the dead of winter. Instead of the complete solitude he expects to find, one situation after another occurs to give him, more than he bargained for.

Those final bows-

Watch your step-

Promptor's eye view.

What's he up to now?

Would you shake hands with a pinecone?
